## Friendly Reminder

**Fowl Play:** Please don't feed the birds. A growing population of geese, ducks, and, occasionally, two great blue herons, have made Cummings Center "home," perhaps due to the seemingly unlimited supply of food from well-intentioned people. Although the birds can be cute and fun to watch, feeding them can actually be harmful to their health and can also attract unwanted pests and vermin. Massachusetts Division of Fisheries and Wildlife warns that feeding encourages birds to stay in one place and build up flocks that a habitat cannot support. For these reasons, it is very much in the birds' best interest for people to refrain from feeding them.

## Simple Smiles

Simple Smiles is a community bulletin board of sorts to help everyone start the week off with a smile. We are inviting all North Shore News readers to submit photos of something or some place that always makes them smile. Please refrain from sharing photos that feature people.

## Shoe Snippets

*Fun facts about the historic Cummings Center site, formerly known as "The Shoe"*

The Shoe is among the early examples of employer commitment to work-life balance. The area south of Stop and Shop, now home to [Bass Haven Yacht Club](#), was originally The Shoe's Boat Club. Boating was one of many employee leisure activities sponsored by its athletic association.
