Friendly Reminder

Parking spaces designated for short-term parking are adjacent to most major entrances. These spaces are intended to provide convenient access for visitors of on-site businesses, not all day parking for clients' employees. Spaces are monitored throughout the day, with reminder stickers placed on offending vehicles, and repeat violators subject to towing. When parking in any sidewalk-adjacent space, please ensure the sidewalk remains accessible to pedestrians. Employees and long-term visitors are encouraged to park in one of Cummings Center's four garages, where there is ample parking. Thank you for your cooperation.
