

Noteworthy News

Winter Overnight and Snow Parking: Please note that winter overnight and snow parking protocols are in place through **March 31, 2022**. All unattended parking (where the driver is not readily available to move the vehicle) is strictly prohibited in any open parking lot between **7:00 PM and 7:00 AM**, unless otherwise approved by Cummings Properties.

When snow is forecasted, or when snow removal operations are necessary, any vehicle left in an open parking lot after 7:00 PM will be subject to towing at the owner's expense. This policy does not apply to vehicles parked in on-site parking garages.

Thank you for your cooperation, which enables Cummings' Snow Team to provide the best possible access for clients, their employees, and visitors. For more information, view the [2021-22 Winter Parking and Towing Regulations for Cummings Center](#) and [Dunham Ridge](#). Please note the parking location at Dunham Ridge has changed since the 2020-21 regulations.

Friendly Reminder

Be Careful, Be Courteous: Please remember that proper driving etiquette on our busy campuses is *critical* to the safety of pedestrians and other drivers. Motor vehicle operators should heed all traffic signs, including pedestrian crossings and one-way signs. Please observe the **10-mph speed limit** at all times, including in the parking garages. One-way entrance and exit driveways must be used only as designated. No matter how rushed you may feel, be on the lookout for pedestrians and vehicles backing out of parking spaces, and remember to *always* drive with caution. Help us keep Cummings' campuses safe for everyone.

Shoe Snippets

Fun facts about the historic Cummings Center site, formerly known as "The Shoe"

Management at United Shoe Machinery Corporation knew that World War I would affect business and anticipated a need for shoe services and machinery. In 1917, The Shoe provided the United States Army with a caravan and machines capable of resoling 400 pairs of shoes each day. This mobile unit was able to travel anywhere, even the front lines, to complete much needed shoe repairs for our armed forces.
